TRIPLE TRAGEDY IS RESULT OF INTOXICATION

AVON, Conn., March 6.—While under the influence of liquor today John J. Lynch, thirty years old, shot and killed his mother-in-law, Mrs. Catherine Dittman, then shot and fatally wounded his wife, and finally put a bullet in his own head, killing himself instantly.

Fire Drill Saves Pupils.

ST. JOHNS, Mich., March 6.—While smoke came up the flues into the school room and the halls of the north ward school today the 125 pupils marched out without the vestige of a panic. The fire was extinguished before serious damage was done.

SALT LAKE WILL NOW HAVE GOOD WEATHER

Big Storm Veers Toward East, and City Is Bathed in Sunlight.

Good weather is assured for Salt Lake for at least a week. The storm which has centered in Salt Lake valley for the last two or three days took a hurried leave for the East Thursday night and is now in the upper Mississippi valley. The lowest point of air pressure is centered directly south of Lake Superior and envelopes Chicago. In New York, Friday, 5 inches of snow was reported, while in Washington, D. C., and Buffalo, N. Y., nearly an inch of rain fell.

The plateau storm has moved rapidly eastward to the upper Mississippi valley, causing rain or snow from the Pacific to the Atlantic coasts, with snow Friday morning at Tonopah, Huron, Sault Ste. Marie, and New York City. Scraper, St. Paul, and rain at Buffalo and Washington, D. C.

High barometric pressure was central over the north Pacific and New England States, attended by fair weather. Zero temperatures were reported over Montana and the British Northwest Territory. Forecast for Salt Lake City and vicinity: Saturday, fair.

Friday's record at the local office of the United States weather bureau for the twenty-four hours ending at 6 p. m. was as follows:

Temperature at 6 p. m., 35 degrees; maximum temperature, 36 degrees; minimum temperature, 25 degrees; mean temperature, 30 degrees, which is 8 degrees below normal. Total deficiency of temperature since the first of the month, 1 degree. Accumulated excess of temperature since January 1, 133 degrees. Total precipitation from 6 p. m. to 6 p. m., .08 inch. Total precipitation since the first of the month, 1.33 inches, which is .39 inch above normal. Accumulated excess of precipitation since January 1, .07 inch. Relative humidity at 6 p. m., 42 per cent.

FAILS IN DARING ATTEMPT TO ESCAPE

PORTAGE, Wis., March 6.—Daniel F. Keller, former captain of the Twenty-seventh infantry, arrested last December at Kalamazoo, B. C., charged with having cashed at Reno, Nev., forged checks aggregating \$3,500, made a desperate attempt to escape from custody here early today. He was being returned to Fort Sheridan, Ill., where, while stationed at that post, he is alleged to have stolen quartermaster's checks amounting to \$50,000. He smashed the glass and jumped through a window in the toilet room of the coach in which he was traveling in charge of United States Marshal Wilmet. He was captured two hours later and this afternoon taken to Chicago.

LIKELY TO COMMUTE SENTENCE OF STOESSSEL

ST. PETERSBURG, March 6.—The verdict in the case of Lieutenant-General Stoessel, who was recently sentenced to death by a court-martial for the surrender of the Port Arthur fortress to the Japanese was formally pronounced today. It is regarded as almost certain, however, that Emperor Nicholas will accept the recommendation of the court that the sentence be commuted. The court has annulled the sentence of reprimand passed upon Lieutenant-General Pokh because of the remoteness of his offense.

Mexican Mustang Liniment

Used 15 years by a Veterinary.

GENTLEMEN:—I have used scores of bottles of your MEXICAN MUSTANG LINIMENT for it is an old, old remedy with me. My father, the late W. Hymer, V. S., of Paola, Kan., used it in our veterinary hospital there for fifteen years. I have seen as high as a dozen bottles, always the dollar size for we used so much we found this size the cheapest in our office one time and empty bottles too numerous to mention on the shelves. We found it the best liniment made for strains, cuts, bruises, etc., and an excellent remedy for barbed wire wounds. You did not select this, but I think it my duty to aid the public by prescribing your liniment for many horse ailments. Very respectfully,
J. O. HYMER, V. S.,
LaCygne, Kan.

Saves Loss in the Dairy.

Scalds, Burns, Cuts, Bruises, Sprains, Sore Throat, Inflammation, Galls, Scratches, Sweeney, Spavins, Ringbone, Strains, Lameness, Shoe Boils, Harness Sores.

GENTLEMEN:—It seems to me among your claims as to the efficacy of MEXICAN MUSTANG LINIMENT you hardly give prominence enough to its wonderful curative power on inflamed and sored udders in cows. I have used it for two years in my stable and since I began its use have not had a case which was not relieved by a few applications. A thorough bathing of the udder with hot water, followed by gentle and persistent rubbing of the "Mustang" good order—unless suppurating has already begun. If all others in the dairy business knew this it would save much worry and loss. Respectfully,
MRS. A. J. YOUNG,
Columbus, Ga.
Prop. of The Pines Dairy.
